### Your Energy Contract

You are on our [New Energy] Plan

Electricity standing charge            £0.xxxx\* per day

Unit rate (Normal)                            £0.xxxx\* per kWh

Electricity contract End Date:            xx xxxxx xxxx

\* VAT and CCL are charged at the applicable rate.

**Payment Plan** - Monthly Direct Debit in advance

**Early Termination:** You will not be able to terminate your contract early. Your contract end date is provided on the front page of this statement. We will notify you when your contract is due for renewal.

### What are the next 12 months likely to cost?

Assuming your usage stays the same and you are on the same plan for the coming year your annual spend will be £xxxx.xx Exc. VAT.

This has been based on your current plan prices and the following:

Standing charge    £0.xxx per day for    365 days

Electricity price    £0.xxx per kWh for    xxxxxkWh

Electricity price    £0.xxx per kWh for    xxxxxkWh

### Do you know how much energy you use each month?

**For this bill period you have used**            **Compared to the same period last year**

Electricity xxxkWh                            Electricity xxxkWh

Electricity xxxkWh                            Electricity xxxkWh

These figures have been based on xxxxxx meter readings.

### What have the last 12 months cost?

**Over the last 12 months we have billed you for:**

xxxxxxkWh of Electricity which cost £xxxx.xx

12 Mths of Elec Standing Charge which cost £xx.xx
